- Clinical nursing procedures
- Available as a book & online

It is more than the average eBook

Able to add local policy and practice

How many people have the Royal Marsden online?

How many have customised it?

Getting started

-  Attended a presentation by Wiley
-  Scatter gun approach – Education committee, speaking to people, emails, proposal document
-  Formed a working group of ‘quality and standards’ nursing staff and librarians
-  Quality improvement nurse matched our policies & procedures to the Royal Marsden
-  And then we got cracking

Quality and standards concerns

How we did

- Added any existing relevant place
- Contacted people whose procedures / policies were out of date
- Regularly check if everything is in date
- ? Quality committee to let us know of new procedures

Any questions?
